Peking as Object Lesson Tells of China's Awakening With Trend of Empire Toward Modern Civilization

Come with me this bright Sunday morning and take a look at the new capital of the new Chinese Empire. We are in the ganglionic nerve centre We are in the ganglionic nerve centre of one of the greatest movements of history. Old China, with its vast population of one-fourth of the whole human race, is being reborn, and Peking is throbbing with the young blood of the new civilization. From it are trickling the streams which are starting these mighty provinces into action. They are daily increasing in volume and promise to form a tidal wave which will engulf the whole world. Peking is the fountain of the revolution, and it is already spouting sky high.

Old Peking.

Old Peking.

Old Peking.

Let us sit in its spray, with the steam whistle of the railway cars dinning our ears, and the new electric plant turning the silvery drops into diamonds, while we think of the past and try to realize where we are. We shall have to shut our eyes and turn our minds back into the ages. We are on a spot where men were living under a municipal government five centuries before Romulus and Remus were sucking at the teats of the wolf to grow up and found Rome.

are especially exposed to the dangers of female organic disorders. Lydia E. Pinkham's Vegetable Compound has enabled thousands of girls to hold their positions. Read what this girl says: Paw Paw, Mich.—"I suffered terribly from female ills, including inflammation and congestion, for several years. My doctor

Girls

said there was no hope for me but an operation. I began taking Lydia E. Pinkham's Vegetable Compound, and I can now say I am well." - Emma Draper.

And this girl: Indianapolis, Ind.—"I suffered from a severe female weak-ness and got so bad that I believe I would have died if I had not obtained relief soon. One doctor said nothing would cure

"My aunt advised me to try Lydia E. Pinkham's Vegetable Compound as it had done so much good for her. I did and found it to be the right medicine to cure female troubles and build up the system, and I am new in better health than I ever expected to be." — Bessie V. Piper, 29 S. Addison St., Indianapolis, Ind.

Is it not reasonable to suppose that a medicine that did so much for these girls will do the same for any other girl who is suffering with the same troubles?

These testimonial letters are the genuine and truthful statements from honest people.

Does it not seem the only sensible thing to give such a medicine at least a trial? You may be sure that it can do you no harm, and there is lots of proof that it will do you much good.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.
